3. JURISDICTION

- Held under the General Competition Rules (GCR's) and Standing Supplementary Regulations (SSR's) of Motorsport South Africa (MSA), and these Supplementary Regulations (SR's), as well as any Final Instructions or Bulletins which may be issued.
- All relevant 2023 category regulations.
- Any relevant MSA Circulars of 2023, will take precedence to these Supplementary Regulations.
- These regulations must be read and understood by all competitors.

4. MOTORSPORT SOUTH AFRICA PERMIT NUMBER

MSA 17474	Permit issued (date):	27 October 2023
Please note that the MSA Flag will be prominently displayed at: <i>The start / finish line in front of the control tower.</i>		

5. ELIGIBILITY OF COMPETITORS

Refer to Standing Supplementary Regulations as shown below, as well as GCR 227:

The Race Meeting is open to the following:

- a) Drivers / riders in compliance with SSR 1 and the relevant category regulations.
- b) Vehicles / motorcycles in compliance with SSR 2 and the relevant category regulations.
- c) **All Cars racing in the 3hr Endurance race must have at any time at least one working headlight and taillight. For scrutineering both headlights must be working.**

6. INJURY REGISTER

Where a competitor has appeared on the injury register, it is that competitor's responsibility to ensure that they have submitted a medical certificate indicating that they are fit to compete in motorsport no later than 5 (five) working days before the start of the event. This certificate is to be reviewed and processed by MSA Head Office.

It is the responsibility of the competitor to check the Injury Register and ensure that MSA receives their letter timeously.

Please Note: Competing while appearing on the Injury Register will result in potential claims being repudiated by the MSA Group Accident Policy.

Refer to Appendix L - Article 2.9

7. COMPETITOR CONDUCT

Refer to Standing Supplementary Regulations as shown below:

Competitors' attention is drawn to SSR's 17, 46, 48, 49, 50 and 51.

Any competitor consistently using the verges will be guilty of unsafe driving (refer SSR's 17, 50 and 51) and will be penalised accordingly in terms of GCR 157. Judges of Fact / Observers may be appointed in terms of GCR 161, their names will be listed either in the Final Instructions or by a Competitors' Bulletin. Their duties will be to report on cutting of corners, persistent off-circuit behaviour and / or poor driving standards. Competitors reported in this respect, who having being signalled in terms of Appendix "H", Article 6, continue to disregard safe driving conduct may be black flagged. Any competitor disregarding the black flag will be excluded from the race.

Judges of Fact

One or more Judges of Fact may be appointed to oversee the starting procedure and to report on infringements. The names of these Judges will be communicated to competitors in the Final Instructions, or by means of a Competitors' Bulletin.

Incidents / Retirements

Competitors' attention is drawn to SSR's 60, 61 and 62.

Incidents During Practice Sessions

Competitors are advised that should there be an incident during a practice session, which would involve the clearing of the circuit, their practice session will forfeit the clearing time required.

Vehicles Abandoned on Circuit

Any vehicle abandoned on circuit must be left unlocked, and if a steering lock is fitted, the key left in the ignition to facilitate the removal of the vehicle after the event. Any vehicle abandoned on the circuit, which is locked, will be moved by any practical and available means and the Promoters, Organisers and Officials will not be liable for any subsequent damage (refer SSR 10 (iii)). Single seater competitors must ensure that the steering wheel is in place and the vehicle is left in neutral, unless otherwise indicated by an official.

Fuel, Oil or Coolant Spillage

Competitors are requested not to overfill their fuel tanks as spillage of fuel is damaging to the surface of a race circuit. Any vehicle / motorcycle spilling fuel, oil or coolant should leave the circuit immediately and pull off to a safe and stationary position on the side of the circuit (refer SSR 50 (iii), (iv) and (v)).

Scribante Race Circuit Property

Any competition vehicle / motorcycle found using the access roads, pits or any area other than the circuit for testing, (this includes the Coega IDZ roads), or being driven in a manner which is considered by the Clerk of the Course to be dangerous, may be fine and/or be excluded from the event, irrespective of who was driving the vehicle / motorcycle at the time. Notwithstanding the competitor's exclusion, he may be reported to the Stewards of the Meeting who may consider taking further action in terms of GCR 172. Should any competitor / mechanic / crew member be found to be driving in an unsafe manner on the property the competitor concerned may be fined or excluded.

8. ENVIRONMENTAL

Refer to Standing Supplementary Regulations as shown below, as well as the MSA Environmental Code:

1. Environmental mats must be composed of an absorbent upper part (top) and an impermeable part underside (bottom). Use of mats (or other effective ground protecting devices/systems) is compulsory wherever work on vehicles (motorcycles, quads, cars, karts, etc) is allowed by the organisers.
2. For Cars, Karts and Quads the whole area underneath the vehicle, where there is the prime probability of fluid spills, must be covered with a ground protecting sheet or environmental mat.
3. In combination with the Environmental Mats or ground sheets, other ground protecting systems like fluid absorbent material, oil spill kits, etc. can be used to clear spillages. These materials must be disposed of in a hazardous waste container.
4. The key-elements to consider, when deciding on an environmental mat, are the following:
 - The **absorption** capacity of the mat (or ground protecting device) so that no puddles are formed on top.
 - Under no circumstances must it allow vehicle fluids to seep through onto the soil, thus having to consist of an **impermeable** (liquid proof) base.
5. Under no circumstances may these mats be disposed of in a standard refuse bin. A hazardous waste container must be available at a designated point within the DSP (Designated Service Point). Any damaged mats **MUST** be disposed off in this container. Alternatively, the soiled mats can be placed in a sealed plastic container for disposal by a hazardous waste disposal company.

9. COMPETITION LICENCES

Refer to Standing Supplementary Regulations as shown below, as well as GCR 20, 93 and Part V (Licences):

All competitors that participate in the event, need to have purchased the relevant MSA Competition licence for the class that S/he will be competing in. Licences can be checked electronically prior to the event using MSA's platforms.

MSA Licences can be purchased via www.msaonline.co.za – For any assistance regarding the licence system, please do not hesitate to contact msa@motorsport.co.za or support@motorsport.co.za

All Technical Consultants and Scrutineers must submit Technical non-compliance reports to MSA after the event

21. DRIVERS / RIDERS BRIEFING

Refer to Standing Supplementary Regulations as shown below, as well as GCR 121 and 141 iv):

Drivers / Riders briefing will take place as per program in point 17 above.

22. SAFETY APPAREL / EQUIPMENT

Refer to Standing Supplementary Regulations as shown below, as well as GCR 239:

No competitor will be permitted to practice or race without the correct safety apparel (refer GCR 239 and SSR's 7 and 46 (iii)).

23. WARM-UP LAP

Starting positions should be maintained during the warm-up lap.

In terms of SSR 38, the following will apply. Unless specifically requested, there will be no warm-up lap after the vehicles have formed up on the dummy grid (position 1 for pole position).

Motorcycles (Excluding CBR 150)

In terms of the FIM Road Racing Rules the following will apply.

A sighting lap will be undertaken after the Pit Exit Road is opened. The riders will form up on the 3-3 staggered grid (pole position on the right). When shown the green flag, one warm-up lap will commence after which the competitors will then form up on the grid for the start of the race.

CBR 150

A sighting lap will be undertaken after the Pit Exit Road is opened. The riders will form up on the 3-3 staggered grid (pole position on the right) and the competitors will then form up on the grid for the start of the race.

24. PRE-RACE / PADDOCK / PARC FERMÉ

Refer to Standing Supplementary Regulations as shown below as well as GCR 252:

PRE-RACE PADDOCK

The pre-race paddock is situated at the end of the pit lane, adjacent to the pit exit.

Fifteen (15) minutes before the scheduled start time of each race (refer SSR 25) competitors competing in the race concerned should move to the pre-race paddock. Any competitor failing to enter the pre-race paddock before the closure of the gate will not be permitted to start unless specifically permitted by the Clerk of the Course to commence the warm-up lap (refer SSR 38).

PARC FERMÉ:

All competitors who have completed two-thirds of race distance are classified as finishers and unless otherwise stated by the Clerk of the Course, are required to bring their vehicle / motorcycle to parc fermé immediately after their last event. The parc fermé is located on the inside of the circuit behind the scrutineering bay.

The Organisers reserve the right to impound and examine any vehicle / motorcycle at their discretion (refer GCR 254).

In terms of GCR 200 (v), (vii) and (x) all competitors are required to remain at the circuit until at least thirty (30) minutes after their last heat, or until such time as any protest / appeal time affecting their category's results has elapsed.

25. STARTS

Refer to Standing Supplementary Regulations as shown below, as well as GCR's 261 – 265, 267 - 271:

- Starting positions will be determined by lap times recorded during official qualifying sessions, unless otherwise stated in the regulations for the category concerned. The driver / vehicle or rider / motorcycle combination recording the fastest time will be allocated pole position on the starting grid, with the remaining positions being filled in descending order of the official practice times (refer SSR's 26, 27 and 28). In the event of two (2) driver / vehicle or rider / motorcycle combinations recording the same lap time, the starting positions will be determined in favour of the combination, which established that time first.
- In the event of a timekeeping failure during official timed practice the method by which the starting grid shall be allocated shall be at the discretion of the Clerk of the Course, in consultation with the relevant Association Chairman, and with the approval of the Stewards of the Meeting.
- Where there are two races per category, the starting order for the second race will be based on the 2nd fastest lap set in Qualifying. If a competitor does not post a 2nd fastest lap in qualifying his / her fastest time set in race 1 will be used.
- The starting signal will be given by means of lights. Should these lights fail after the display of the five-second board, a "start delayed" board will be shown and the start will proceed in accordance with SSR 38 and the MSA Flag will be used. All subsequent starts will proceed with the use of the MSA Flag.
- **Permission to Start at the Back of the Grid:**
 - a) Competitors who do not participate in official timed practice must apply to the Clerk of the Course at least one (1) hour after the end of their official timed practice for permission to start at the back of the grid.
 - b) At the discretion of the Clerk of the Course competitors' who are not included on the grid for either race may be positioned at the back of their class, if they request to do so, in writing, within one hour after their last race / practice.
 - c) Should a competitor not finish the race he will be deemed to be a non-starter in the second race (refer SSR 29). Permission to start the second race from the back of the grid must be applied for as per SR 24.5 (b)
- **Starting Signal**

The race will be deemed to have started when the red light is extinguished (refer SSR's 38 and 39).
- Any competitor found doing practice starts when the grid is being formed up will not be permitted to start the race.

26. REFUELLING

Refer to Standing Supplementary Regulations as shown below, as well as GCR 240:

INDEX OF PERFORMANCE 3-HOUR and PE 100, 150 & 200

The index of performance is based on the quickest lap time that a team posts during the endurance race. This lap time is taken as the ideal time possible for the car / driver combination and is divided into the total race time to give an ideal number of laps that the team / driver could possibly have completed. The actual number of laps completed is then worked as a percentage of the ideal to give an index of performance.

NOTE: The index takes into consideration the amount of time spent in the pits and as such measures the effort of the whole team. It therefore follows that a team wishing to win the index must have drivers that can drive at a similar pace and a good pit crew.

30. TIMEKEEPING
